

ULTIMATE MOVING CHECKLIST FOR A STRESS-FREE MOVE

Planning a move can feel overwhelming, but with the right checklist, you can stay organized and make the process much easier. Here's a friendly, step-by-step moving checklist to help you get ready for your big day, along with some helpful tips to ensure a smooth transition.

MOVING CHECKLIST

1. PLAN AHEAD

- **Schedule Your Move Early**

Secure your moving date well in advance to guarantee availability, especially if you have any special requirements.

- **Budget and Timeline**

Set a budget for your move and create a timeline to tackle tasks week by week.

2. ORGANIZE AND PACK EFFICIENTLY

- **Create an Essentials Box**

Prepare a box with the necessities you'll need on moving day and for your first night. Include items like toiletries, chargers, medications, a change of clothes, and important documents.

- **Pack Room by Room**

Organize items by room and label each box clearly. Use padding for fragile items, and make sure heavy items are at the bottom with lighter ones on top.

3. COORDINATE PARKING AND ACCESS

- **Reserve Parking**

Arrange for parking space for the moving truck at both locations. This helps the movers load and unload quickly and safely.

- **Access Points**

Ensure the movers have easy access to your property. Inform them about any special requirements, restrictions, or obstacles.

4. ADDRESS CHANGES AND UTILITIES

- **Update Your Address**

Notify the post office, family, friends, banks, subscription services, and other essential contacts of your new address.

- **Arrange Utility Services**

Schedule disconnection of utilities at your old home and connection at your new one. Avoid moving into a home without electricity, water, or heating.

5. TAKE CARE OF PETS AND PLANTS

- **Special Arrangements**

Moving can be stressful for pets and delicate for plants. Plan for their transportation or consider temporary care for them on moving day.

6. COMPLETE A FINAL WALKTHROUGH

- **Double-Check Each Room**

Before leaving, walk through each room to ensure you haven't left anything behind.

7. RELAX AND ENJOY THE MOVE

- **Trust the Movers**

Once you're moving day arrives, let the professionals handle the heavy lifting. Take a moment to relax, knowing everything is in good hands.
